

AG-TECH IN WEED CONTROL INNOVATION

Emerald Field Day

Join Fitzroy Basin Association and Growcom for an ag-tech in Weed Control Innovation field day.

Come and explore exciting new ag-tech weed control solutions including a demonstration of the saturated steam technology.

Topics to be discussed include:

- uses of see and spray technology
- weed resistance
- weed hygiene
- Biosecurity
- Best management practice

Guest presenters include:

- Kinan Lemberg, owner and operator of Blue Hand Steam
- Dr Simon White, CQUniversity
- Tom Holcombe, SwarmFarm Robotics
- Michelle Haase, Growcom

The field day is an initiative of Fitzroy Basin Association Inc. with funding from the Australian Government through the Reef Trust. FBA is a proud member of Reef Alliance.

DATE / TIME:

Friday, 14 June, 10am-2pm

LOCATION:

A & L Romeo, 67 Donohoe Road, Emerald
