

Reece Brooks

Grazing Coordinator

☎ 0447 992 800
@ reece.brooks@fba.org.au

Responsible for coordinating and leading a team of Land Management Officers, Reece oversees FBA's grazing extension services and the associated agricultural project activities under the Regional Land Partnerships and Reef Trust programs.

Reece was raised on a family grazing property and has practical land management and animal management skills are complemented by an astute technical understanding of processes associated with land and water.

Reece is passionate about delivering extension support to landholders where interests are aligned with productivity and sustainable practice, including rehabilitation techniques required to achieve long term soil health and water quality outcomes.
