

Seeking Rockhampton Reef Heroes!

We've caught rubbish entering our drains, now we need the community's help to sort and record it!

VOLUNTEER OPPORTUNITY!

Tues 23 March 2021

8:00 - 12:00 noon

80 East St, Rockhampton
(cnr of East & Denham Sts)

What to wear: closed-in shoes, ideally long pants and long-sleeved shirt. Gloves provided.

BYO: water bottle, own gloves if preferred.

A light morning tea is provided.

What's down our drains is downright interesting!

By understanding what rubbish goes down our drains we can stop it at its source!

Join us and...

- ✓ Help improve the health of the reef
- ✓ Learn more about local waste reduction initiatives
- ✓ Improve the cleanliness of your town
- ✓ Give marine animals (like turtles and birds) a better chance at survival!

Let's stop this going down our drains by working together!

To learn more visit fba.org.au

The *What's Down Our Drain* program is funded by the partnership between the Australian Government's Reef Trust and the Great Barrier Reef Foundation, with in kind support from Fitzroy Basin Association, the Local Marine Advisory Committees of Gladstone and the Capricorn Coast, Livingstone Shire Council, Gladstone Regional Council, Rockhampton Regional Council, Cleanwater Group and Tangaroa Blue.
